

COPD

Linda B. Ford, M.D.
Bettina C. Hilman, M.D.

and

The Asthma & Allergy Center

We are conducting a clinical research study looking for candidates that have COPD (Chronic Obstructive Pulmonary Disease)

Are at least 40 years of age?

Do you have a diagnosis of COPD for more than 2 years?

Are you a current or former smoker?

Qualified participants will receive at no charge, study related medical exams, study drug and reimbursement for their time and travel.

Do you have

Chronic Obstructive Pulmonary Disease?

Call for additional information
